Alejandro Bryan

JavaScript Web Developer

Full stack web developer with a strong foundation in adaptability, problem-solving, and growing expertise. Skilled in crafting aesthetically pleasing and user-friendly web solutions. An analytical mindset and creativity to design responsive apps from start to finish, including gathering requirements, developing, testing, debugging, and deployment. Excited and ready to contribute to the future of the web development industry.

Education

Sept. 2022 - Oct. 2023

Full Stack Web Developer - CareerFoundry

- An intensive project-based training program focused on JavaScript, HTML, and CSS, along with the latest libraries, frameworks, and tools.
- Over 500 hours of comprehensive training are provided, guided by industry-leading tutors and mentors.

Work Experience

Oct. 2022 - Currently

Smelter Eisenwerk Würth GmbH, Bad Friedrichhall, Germany

- Faced with the task of ensuring efficient and safe melting operations in a demanding industrial environment, demanding precise coordination and strict adherence to quality standards.
- Participated in a team responsible for furnace preparation, diligent monitoring of the melting process, and continuous liaison with the Quality Assurance department, emphasizing strict compliance with safety protocols.
- Achieved consistent high-quality liquid steel production with fewer quality deviations, enhanced workplace safety, and seamless integration with production schedules and quality benchmarks.

Oct. 2018 - Oct. 2022

Car Services Technician Euromaster GmbH, Buchen, Germany

- Needed to provide efficient, reliable car repair services across the Odenwald region, ensuring high customer satisfaction in a mobile setting.
- Streamlined on-site repair and diagnostic processes for quick, accurate service. Offered personalized customer consultations on maintenance and security systems.
- Achieved customer satisfaction, reduced follow-up visits, and enhanced business-client relations through reliable customer service.

Apr. 2015 - Sept. 2017

Entertainer Iberostar Hacienda Dominicus, Bayahibe, Dom Rep

- Faced with the task of engaging a diverse, international audience with varying language abilities and cultural backgrounds at a busy resort.
- Developed and led a series of multilingual entertainment activities tailored to a global audience, utilizing my language skills and cultural sensitivity. Collaborated closely with a team to organize and promote these activities, ensuring broad participation.
- Increased guest participation in resort activities, significantly improved guest satisfaction ratings, and received credits for outstanding guest engagement and creating a welcoming, inclusive environment.
